Weekend

Context month

"Busy travel" refers to travel within Bulgaria.

Holiday status: Based on Article 154 of Bulgaria's Labour Code and the weekend-substitution rule, checked 14 August 2026. The 4 May treatment follows the official 2021 precedent for the same 1 May/Easter overlap.

Counting note: The 13 figure counts distinct official-holiday dates; Holy Saturday and Labour Day share 1 May. The 249 working-day estimate assumes a standard Monday-Friday schedule, unchanged legislation and no later one-off government decisions. December 2026 and January 2028 are shown for context.

School dates: Ministry of Education dates are provisional while the 2026/2027 order remains under consultation. Busy-travel layers and leave combinations are GuideBG planning guidance, not official forecasts.
